

Disaster Recovery & Restoration Safety Guidelines

Contact the branch immediately if asked to perform any of the following:

1. Climb on roofs
2. Operate any power tools
3. Left to work unsupervised
4. Touch downed power lines
5. Required to wear a respirator to perform your task

Be aware of:

- Fallen trees and wildlife
- Sharp objects, hidden holes, standing water
- Any hazardous material (i.e. unknown chemicals, asbestos, or mold)

Always:

- Wear long sleeves, pants, and your personal protective equipment (PPE)
- Make sure you have the proper equipment to perform the job
- Keep yourself hydrated
