worker, right away,
with JobStack.**

Find the Right Worker, Right Away

How do you manage a workforce that is changing rapidly? With millennials being a driving force in the gig economy space, you need to understand what impact they'll have on your talent needs.

Consider:

- 17 million temporary and contract workers worked for U.S. staffing companies in 2020 (American Staffing Association)
- \$161 billion in sales activity

At PeopleReady, we understand the impact a growing flexible workforce will have on your business. That's why we created JobStack, our mobile and online portal that gives you the ultimate control in how you manage work.

JobStack lets you:

- Place your job orders 24/7
- Tap into matched, qualified talent immediately
- Control your workforce from anywhere, on any device

Most importantly, JobStack gives you a solution to manage workers the way they prefer to be managed: with flexibility, speed, and mobility.

With JobStack, you can connect with qualified talent immediately — over 50,000 active workers log in to our app daily. And our matching technology means only qualified associates see your job orders.

The JobStack Difference

PLACE AND MANAGE ORDERS SEAMLESSLY

JobStack lets you submit orders and hours, rate workers, and get real-time notifications — without direct branch assistance. Unless you want it, of course.

ACCESS ANYTIME, ANYWHERE

Mobile, tablet, desktop — JobStack is anywhere your work takes you. Twenty-four hours a day, seven days a week, always accessible.

BUILD YOUR TEAM, YOUR WAY

Place and extend job orders depending on your business needs. Find a worker you like? Send them an exclusive invitation to come back.

ELIMINATE PAPERWORK

JobStack lets you view and place orders, approve hours, and rate workers within the app. And since your workers are also on mobile, there's no more need for paper job tickets.

The PeopleReady Advantage

EXTENSIVE NATIONAL BRANCH NETWORK

When you need personal, local support, you have the power of over 600 branch locations nationwide to back you up.

VERIFIED AND TRUSTED

Every PeopleReady associate is verified as eligible to work and properly documented. We provide behavioral, drug, and background screenings upon request.

On-demand workers, seasonal support,
or temporary staffing — PeopleReady and
JobStack provide the right workers for
the job you need done.

A Solution That Grows with You

The beauty of JobStack is that it continues to evolve and improve based on your needs. From customer surveys and analytics to our app ratings and feedback, we gain deep insights into what our customers need and how we're serving them. But don't just take it from us.

Here's what some of our customers have to say...

"Our business is 24/7, and we have emergencies throughout the night on a regular basis. The option to request workers without having to wait until the next morning has been a game changer. Day or night, I can place an order for assistance."

"Overall sales volume is on the rise for our company, but we also face a seasonal component to the nature of our distribution patterns. Having the flexibility to add a temporary team member has been a valuable tool... JobStack provides a ready-made solution and a short turnaround."

"JobStack is very important to me. I can see who is coming, submit hours, and do everything right on my phone."
