

Is your staffing partner agile?

Here are a few things to consider when determining if you have an agile staffing provider:

	YES	NO
They have hundreds of locations nationwide to support you locally.	☐	☐
They can scale your workforce up or down quickly, no matter where you're based.	☐	☐
They understand regional labor markets and can find workers specific to your location.	☐	☐
They offer a digital platform (like an app) for posting jobs and hiring in real-time.	☐	☐
Technology is paired with support from local experts who understand your market and know the workers they're dispatching.	☐	☐
You get both the speed of digital tools and the quality of personalized service.	☐	☐
They ensure all workers are E-Verified and legally authorized to work.	☐	☐
They can support in-depth candidate screenings (background checks, skills assessments and more).	☐	☐
They manage all payroll, taxes and benefits as the W-2 employer, protecting you from legal risks.	☐	☐
They have a large network of pre-screened applicants for various industries.	☐	☐
They can fill roles quickly, even for last-minute or emergency needs.	☐	☐
The workers provided have been vetted for skills, experience and reliability.	☐	☐

How does your provider measure up?

If you checked yes to all of these boxes, you have a true strategic partner. If not, it might be time for a change.
